WEB DEVELOPER

yuvrajkathpalia0512@gmail.com

SUMMARY

Highly motivated and detail-oriented aspiring Full Stack Developer with a strong foundation in the MERN (MongoDB, Express.js, React, Node.js) stack. Proficient in developing responsive and dynamic web applications. Adept at problem-solving and eager to apply skills in a professional setting to contribute to the success of a forward-thinking organization. Demonstrated ability to learn and adapt quickly through hands-on projects and coursework.

EDUCATION

Indian Institute of Information Technology, Sonapat
B.tech in Computer Science Engineering
2021-2025

SKILLS

- HTML
- Cascading Style Sheets(CSS)
- Javascript
- React JS
- Mongo DB
- Node JS
- Typescript

PROJECTS

HOSPITAL MANAGMENT SYSTEM

- Developed a full-featured Hospital Management System using the MERN stack, managing patient records, appointments, and billing.
- Implemented role-based access control to ensure secure and appropriate access to sensitive patient data.
- Designed a responsive front-end with React.js, providing real-time data updates and a seamless user experience.

JOB PORTAL

- Built a job portal using the MERN stack, facilitating job postings, applications, and user profiles.
- Developed a dynamic front-end with React.js, ensuring seamless interaction with the backend.

AI Image Generator

- Developed an AI-powered image generator application using React, enabling users to create custom images.
- Implemented responsive design and interactive UI components to enhance user experience and engagement.
